

## **My Plans after Graduation**

I am a student of Arts faculty .I am majoring in English. Both my resident and college are located in Semi Urban Area. I belong to middle class family. Ours is nucleus family. My parents have lots of expectation and dreams for me as I am the only Son./daughter..I have been ranker student and I have passion to complete my parents' dream in very decent manner. My parents are my heroes and I shall follow them.

Both my parents have Government jobs. Since childhood, I have had dream and now make up my mind that although I am a mediocre student, I will pass either IAS or IPS Exam. These exams are very tough but if you see the history of IAS or IPS Exam pass out students, most of them belong to Arts faculty. Many of them are coming from U.P., Bihar, Jharkhand and Rajasthan. I mean to say Hindi speaking belt of Northern states of India. To fulfill my plans of career, I have been preparing my General Knowledge, Current affairs, History and fluency in English. I have taken Quiz tests and won prizes as well. I am sure that my persistent effort towards my plans will be Successful. I thank my parents a lot because they are the real motivators and a force behind my plans.

I am inspired by an honest IPS officer like Kiran Bedi. She has done remarkable work in improving conditions of law and order in Delhi because of her mental strength. Officers like Kejriwal and Khernar have followed honesty and brought transparency in govt. ,offices.
